La persiana blindata in acciaio a lamelle orientabili si presenta perfettamente nella sostituzione delle persiane in legno e in alluminio. Coniuga sicurezza e funzionalità. Le sue lamelle possono essere orientate fino ad un angolo di 90°. A differenza delle solite persiane blindate che sono composte da lamelle in acciaio, questa persiana è tutta in acciaio garantendo il massimo della sicurezza.

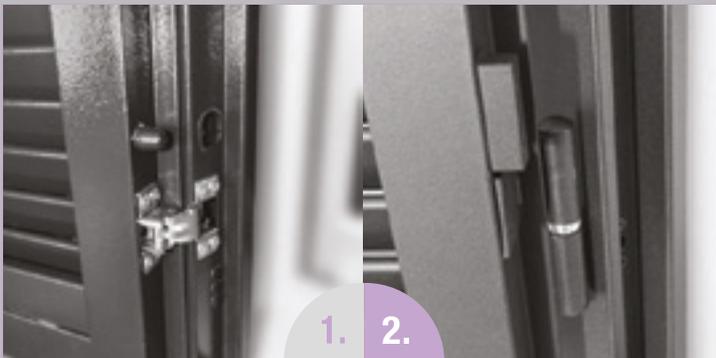

The steel armored shutter with adjustable slats is perfectly presented in the replacement of wooden and aluminum shutters. It combines safety and functionality. Its slats can be oriented up to an angle of 90°. Unlike the usual armored shutters which are composed of steel slats, this shutter is all made of steel ensuring maximum safety.
